

## Put Your Club On The Internet, Even If You Don't Have A Computer!

One of the many services GOAL offers to clubs is the ability to reach a much wider audience with information about your club. This service is only available to clubs that are currently affiliated with GOAL, but it is free.

Here's how it works. Folks who log on to the GOAL web site ([www.goal.org](http://www.goal.org)) can go to a special area called the "club locator." The person can then click on a map of the state and receive information on the clubs located in that area. Users will view information on the club's facilities, where it is, how to join and more.

You do not have to have a computer to be listed, just be a club that is currently affiliated with GOAL. If you do have a computer, you can log on to the GOAL web site and fill out an on-line form. If you don't have a computer, just fill out the form below (use the back if you run out of space) and return it to GOAL Club Locator Service, PO Box 567, Northboro MA 01532.
